

| NUMBER of PLOTS                      | 1           |  |             |
|--------------------------------------|-------------|--|-------------|
| AVERAGE RICHNESS                     | 45          |  |             |
| SPECIES                              | COVER CLASS | SPECIES                                  | COVER CLASS |
| Triglochin striata                   | 8           | Bidens sp.                               | 2           |
| Morella cerifera                     | 7           | Dichanthelium dichotomum var. roanokense | 2           |
| Cladium jamaicense                   | 6           | Dichanthelium ensifolium                 | 2           |
| Hydrocotyle umbellata/verticillata   | 6           | Erigeron vernus                          | 2           |
| Persea palustris                     | 6           | Eryngium aquaticum var. aquaticum        | 2           |
| Centella erecta                      | 5           | Gelsemium sempervirens                   | 2           |
| Juniperus virginiana var. silicicola | 5           | Hibiscus moscheutos ssp. moscheutos      | 2           |
| Osmunda regalis var. spectabilis     | 5           | Iris virginica var. virginica            | 2           |
| Rosa palustris                       | 5           | Kosteletzkya virginica var. virginica    | 2           |
| Acer drummondii                      | 4           | Mikania scandens                         | 2           |
| Smilax laurifolia                    | 4           | Nyssa biflora                            | 2           |
| Thelypteris palustris var. pubescens | 4           | Oenothera fruticosa var. fruticosa       | 2           |
| Toxicodendron radicans var. radicans | 4           | Osmunda cinnamomea var. cinnamomea       | 2           |
| Vaccinium fuscatum                   | 4           | Peltandra virginica                      | 2           |
| Ilex glabra                          | 3           | Persicaria hydropiperoides               | 2           |
| Sabatia dodecandra                   | 3           | Pluchea foetida var. foetida             | 2           |
| Acer rubrum                          | 2           | Rubus argutus/flagellaris                | 2           |
| Amaranthus cannabinus                | 2           | Sagittaria lancifolia var. media         | 2           |
| Amelanchier canadensis               | 2           | Solidago sempervirens var. mexicana      | 2           |
| Aronia arbutifolia                   | 2           | Woodwardia virginica                     | 2           |
| Baccharis halimifolia                | 2           |  |             |
